Sierra Summer Festival 2003

Eastern Sierra Symphony Orchestra

Celebrating the Spirit of America

SIERRA SUMMER FESTIVAL 2003 proudly presents music to match the magnificent mountains of California's Eastern Sierra! Fresh exciting music in the pioneering "everything's possible" spirit of our forefathers will be performed by the Eastern Sierra Symphony Orchestra conducted by Maestro Bogidar Avramov at Main Lodge, Mammoth Mountain on August 8 and 9.

This year the orchestra celebrates the spirit of America in a concert featuring George Gershwin's jazz-inspired *Rhapsody in Blue*, all about improvisation and possibility, with noted pianist Paulina Zamora as soloist; Aaron Copland's dances, *Buckaroo Holiday* and *Hoedown* from *Rodeo*, with their unmistakably American sounds full of swagger and vitality; and Antonín Dvořák's *New World Symphony* with its passages of quiet reflection on the beauty and vastness of our great landscape.

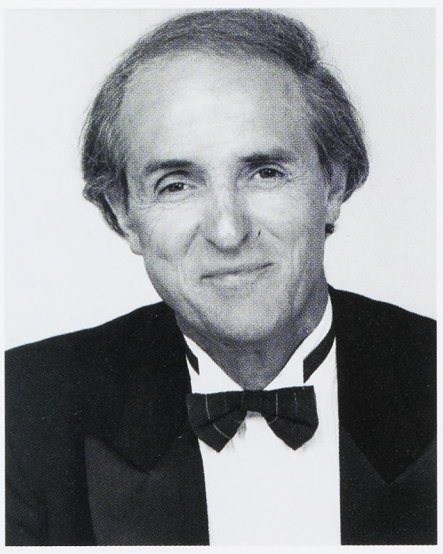
Outstanding musicians from around the world come to Mammoth Lakes every summer, drawn by the spectacular scenery and warm enthusiastic audiences. Musicians, who usually step from a fine concert hall into the chaos of the big city, find that just doesn't compare with walking out under the High Sierra's awesome starry skies after a concert of sublime music in the mountains.

Paulina Zamora, piano soloist, *Rhapsody in Blue*

Paulina Zamora of the Felici Piano Trio has concertized with, among others, distinguished cellist Janos Starker. A native of Antofagasta, Chile, she was educated at the Universidad de Chile, the Eastman School of Music, and Indiana University where she has completed coursework for a Doctorate of Musical Arts degree.

Bogidar Avramov, Music Director & Conductor

Born in Sofia, Bulgaria, the son of a prominent violinist, Maestro Avramov is Professor Emeritus at Loyola Marymount University where he was director of the instrumental program. He currently conducts the Beverly Hills Symphony. From the beginning of the Sierra Summer Festival and as founder of the Eastern Sierra Symphony Orchestra, he has brought professional symphonic music to Mammoth Lakes for 26 years.



The Los Angeles Times has hailed Maestro Avramov as "a leader of uncommon sensitivity and authority."

Mammoth Lakes Chamber Music Festival

Embark on a musical flight of fancy with Felici and Friends during the 2003 Mammoth Lakes Chamber Music Festival. Our departing point is the picturesque mountain resort in the High Sierra, where at 8000 feet musicians and audiences are closer to the skies than most places! The resident Felici Piano Trio is delighted to welcome ten internationally-renowned guest artists from the U.S., Chile, Germany and Switzerland. In various ensemble formations they transport you through three centuries and as many continents, into the spiritual worlds of classical and contemporary composers. From duos to sextets, Beethoven to Villa-Lobos, enjoy the enthusiasm of prize-winning chamber musicians in exciting and committed performances.

Festival highlights include Tchaikovsky's dazzling sextet, *Souvenir de Florence*, Schumann's masterful *Piano Quintet opus 44* and Schubert's delightful *Trout Quintet*, which features the artistry of our distinguished guest, pianist Rebecca Penneys, about whom the *San Francisco Examiner* writes: "Her performance was nothing short of revelatory: a taut, kinetic brand of music making that had you holding on to your seat." Don't miss any of the 2003 Festival's memorable concerts. Buy a chamber festival series ticket and save!
